

16th International Workshop on Neonatology

29th · 30th
OCTOBER
2 0 2 0

Virtual Edition

President: Vasilios Fanos

"Cagliari", Michele Cannavale, 2019

SCIENTIFIC RATIONALE

We are pleased to invite you to the 16th International Workshop on Neonatology to be held in Cagliari, Italy. This follows the success of the previous editions which saw the overall presence of about 11,000 participants. This 16th Workshop is an important milestone and is recognized by national and international scientific societies. Some of the world's most renowned specialists from more than 60 different countries have been present in Cagliari in these years. They have created a network of scientific and human relations that have changed, improved and enriched us all. Last year the meeting was followed by the 40th Congress of the Union of Middle-Eastern and Mediterranean Pediatric Societies (UMEMPS), founded 60 years ago.

The title of this year workshop, "Virtual key-messages for real solutions in the COVID-19 era: the resilience of newborns and children" underscores the trajectory that assistance, research and teaching will follow in the coming years, in an integrated way with adult medicine, taking into account what happened or is still going to happen.

A view into the future of perinatology and paediatrics through debates and shared experiences. This year the proceedings of the Workshop will be published in the "Journal of Pediatric and Neonatal Individualized Medicine" (JPNIM), which is now also indexed in Scopus and Web of Science, official Journal of UENPS (Union European Neonatal and Perinatal Societies), UMEMPS (Union Middle-Eastern and Mediterranean Pediatric Societies), Portuguese Society of Neonatology, Hellenic Society of Neonatology, Italian-Romanian Pediatric Society and Italian Neonatal Nursing Society. In past years the journals were "Medical and Surgical Pediatrics", "Journal of Chemotherapy", "Journal of Maternal Fetal Neonatal Medicine", "Clinica Chimica Acta" and JPNIM. Over the years, the Workshop has made its impression on science and has promoted a lively discussion in an always serene and extremely constructive atmosphere. This year's meeting is organized in collaboration with SIN (Italian Society of Neonatology), UMEMPS (Union Middle-Eastern and Mediterranean Pediatric Societies), UENPS (Union of European Neonatal and Perinatal Societies). The meeting is dedicated to neonatologists, pediatricians, obstetricians, perinatologists, pathologists, laboratory researchers and all those who work with the newborns. We look forward to welcoming you to this traditional appointment to discuss topics of the present and keep us up to date on the latest results, both in clinical practice and research in neonatology and pediatrics.

PRESIDENT

Vassilios Fanos

FACULTY

Vassilios Fanos (Cagliari, Italy)

Boris Kramer (Maastricht, the Netherland)

Camilla Gizzi (Rome, Italy)

Gianluigi Marseglia (Pavia, Italy)

Corrado Moretti (Rome, Italy)

Fabio Mosca (Milan, Italy)

Diego Peroni (Pisa, Italy)

Carmelo Salpietro (Messina, Italy)

Kosmas Sarafidis (Thessaloniki, Greece)

With the patronage of

Union of Middle-
Eastern and
Mediterranean
Pediatric Societies

SCIENTIFIC PROGRAM

Thursday 29th October 2020

ENGLISH SESSION

05.00 p.m. **Opening Ceremony**
Chairman: Vassilios Fanos (*Cagliari, Italy*)

I SESSION: THE FUTURE IS HERE! - Key Note LECTURES

05.30 p.m. **Delivery room: CPAP, Surfactant, Ventilation...how to proceed?**
Corrado Moretti (*Rome, Italy*), Camilla Gizzi (*Rome, Italy*)

05.55 p.m. **Neonatal sepsis: present and future**
Kosmas Sarafidis (*Thessaloniki, Greece*)

06.20 p.m. **COVID-19, microbiota and gut-lung axis**
Vassilios Fanos (*Cagliari, Italy*)

06.45 p.m. **Enteral nutrition for very preterm infants: the facts, the assumptions and the unknowns**
Boris Kramer (*Maastricht, The Netherlands*)

07.10 p.m. **Question time and take-home message**
08.00 p.m.

Friday 30th October 2020

ITALIAN SESSION

05.00 p.m. **Saluti ai partecipanti e presentazione della giornata**
Chairman: Vassilios Fanos (*Cagliari, Italia*)

II SESSIONE: IMMUNOLOGIA, COVID-19 E DINTORNI - LETTURE CHIAVE

05.30 p.m. **Immunologia del neonato e del lattante: dove comincia la salute**
Carmelo Salpietro (*Messina, Italia*)

05.55 p.m. **La neonatologia dopo il COVID-19**
Fabio Mosca (*Milano, Italia*)

06.20 p.m. **COVID-19 nel bambino: lezioni imparate**
Gianluigi Marseglia (*Pavia, Italia*)

06.45 p.m. **Lactoferrina e malattie virali**
Diego Peroni (*Pisa, Italia*)

07.10 p.m. **Question time and take-home message**
08.00 p.m.

GENERAL INFORMATION

REGISTRATION FEES (IN EURO)

Participants: € 100,00 (VAT included)

Medical Students and Doctors in Training: Free

Registration and payment inside the Workshop area at the link:

<https://formazione.kassiopeagroup.com>

The registration includes:

- Participation in the congress activities
- Certificate of attendance
- The opportunity to publish an abstract in the Journal of Pediatric and Neonatal Individualized Medicine (JPNIM)

ONLINE PUBLICATION OF CONGRESS POSTERS

in the Journal of Pediatric and Neonatal Individualized Medicine (JPNIM)

Participants with regular registration fees payment can send an abstract up to 3000 characters, including spaces, excluding names, title and affiliations. No tables and figures are allowed. A maximum of 3 references can be quoted in the text, in square brackets.

Abstracts must be original and not previously published in other journals nor as e-poster online. Abstracts will not be published if there are plagiarism issues. In particular, abstracts will be rejected if plagiarism exceeds 20%. Abstracts will be published only if written in good English. The authors must be aware that good English is essential for acceptance of the abstracts.

Examples could be find in the following file:

<http://www.jpnm.com/index.php/jpnm/article/view/080223/648>

Deadline: October 26th, 2020

The authors of the posters can send the poster directly to neonatology2020@jpnm.com.

GENERAL INFORMATION

Publishing in JPNIM means building a strong CV and a wide visibility

Indexing: JPNIM articles are indexed in **Scopus** (coverage begins with Volume 5, Number 1, April 2016); JPNIM articles are indexed in the Emerging Sources Citation Index, which is a new index within the Clarivate Analytics' (formerly Thomson Reuters') **Web of Science** (coverage begins with Volume 4, Number 1, April 2015); all JPNIM's articles are indexed in **Google Scholar** (on Google Scholar you can also see JPNIM's h5-index); JPNIM is listed in **SJR - Scimago Journal & Country Rank** and many International libraries.

INFORMATION FOR PARTICIPANTS

The webinar allows the participation in remote training sessions through a dedicated multimedia platform <https://formazione.kassiopeagroup.com/> which will be available live through an Internet connection.

The synchronicity of the participation foresees the connection of the learners at the times established by the program training and will guarantee a level of interaction between the teacher and the learners. They can request to intervene in the sessions and exchange opinions and experiences via chat.

Participation of learners is detected through registration access to the platform during the training session.

CERTIFICATE OF ATTENDANCE

An online certificate of attendance can be downloaded directly after the end of the course.

INFORMATION E.C.M.

The course has obtained from the Ministry of Health the attribution of n° 9,6 Training Italian Credits of Medical Continuing Education (E.C.M.).

Rif. n° 302993

Category: Medical Technician Biomedical Laboratory, Biologist, Surgeon, Nurse, Pediatric Nurse, Midwife, Dentist.

Disciplines for surgeon: Allergology and Clinical Immunology, Cardiology, Dermatology and Venereology, Gastroenterology, Medical Genetics, Metabolic Diseases and Diabetology, Diseases of the Respiratory System, Infectious Diseases, Nephrology, Neonatology, Neurology, Pediatrics, Pediatrics (Family Pediatricians), Gynecology and Obstetrics, Hygiene of Food and Nutrition, General Medicine (Family Doctors), Food Science and Dietetics.

LEARNING TEST

The learning test can be performed at the end of the webinar, after following the training activity for at least 90% of its duration.

To complete the questionnaire, the learners have up to 3 days after the start and with the possibility of a maximum number of 5 attempts.

The test will consist of a questionnaire filled directly online with multiple choice with 4 possible answers; by correctly answering at least 75% of the questions and filling in the questionnaire of evaluation, the ECM training credits are accrued. The certificate can be downloaded directly from the personal area of the platform after completing of all the steps.
